By purchasing a share I am choosing to become a member of the 2026 CSA at Tilth & Timber. Membership grants me a portion of the farm's harvest. I understand that Tilth & Timber makes no guarantees about the quantity and type of produce that I will receive. I agree to pick up my share at the farm weekly. There are no refunds or repeats for missed shares.

## 2026 Vegetable CSA

Full Season Shares ✦ June 12, 2026 - October 24, 2026  
Summer Shares ✦ June 12, 2026 - September 5, 2026

### Share Description:

We offer a flexible, free-choice CSA with two share sizes.

This means:

- ✦ You choose items from everything available at the farm stand each week *and* you can pick up your share any day we are open.
- ✦ Our CSA gets first priority. If there is limited crop availability, it is often reserved for CSA members.

**Large Share Members** choose up to 10 items per week.

**Small Share Members** choose up to 5 items per week.

For example, an item could be 1 bag or bunch of greens, or 1 pound of roots such as carrots or beets. Please note that availability of items varies seasonally. Springtime tends to offer a welcomed wide variety of greens, while the height of the summer is abundant with fruits such as tomatoes and peppers, and fall brings comfort food such as winter squash, potatoes, and onions.

### Pick-up day and time:

You may pick up your share any time at the farm during regular business hours. We anticipate being open Friday 2:00-6:00 and Saturday 10:00-2:00, however, please refer to our website for the most up to date information.

## CSA Frequently Asked Questions

Visit our website for more complete FAQs

### What is a CSA?

Community Supported Agriculture is a partnership between the farmer and consumer. The purchase of a share is an upfront investment in the farm, helping fund expenses early in the season. In exchange you receive a weekly share of the harvest. It's the perfect symbiotic relationship. The farm has the security of an advance commitment, which helps us to plan our yields, and the funds to pay for it. The member has the satisfaction of knowing the integrity with which your food is being raised and sharing in the risks and rewards that are inevitable in food production. We are uniting together to create a sustainable local food system.

### How do I know if a CSA is right for me?

If you enjoy fresh, high quality produce and are invested in where your food comes from, our free-choice CSA may be a good fit. You get to choose your weekly produce from everything available in the farm store.

### Why become a CSA member?

By being a member, you are supporting a small, sustainable family farm for a more just and reliable local food system. Also, CSA members often get first priority if there is limited crop availability.

### Which size will best suit me?

We recommend a small share for individuals or families that cook occasionally and a large share for families that cook regularly.

### What if I miss a pick-up?

You may send a friend or family member to pick up your share of produce if you cannot make it to the farm. Shares not picked up will be forfeited.
